EDUCATION

Bachelor in Computer Application(BCA) | Maulana Abul Kalam Azad University of Technology

Year of Passing 2025

Present CGPA- 8

Barajaguli Gopal Academy(Class XII), WEST BENGAL, INDIA

Year of Passing 2020

Percentage- 89%

WORK EXPERIENCE

Frontend developer intern

XINKSOFT TECHNOLOGY PVT. LTD.

04/2024 - 06/2024

PROJECTS

Real-estate web app using MERN

During this internship in **XINKSOFT TECHNOLOGY** we have developed this web application. This application is basically about selling, booking, marketing of realestates and managing the client's, staff's, vendor's and properties' data. Using this application we can make booking and payments, generate invoice.

Talking about the techstack of this project, we have used **React, Node, Express, MongoDB(MERN)**, for state management I have used **RTK (Redux Toolkit)**, for form handling I have used **React-Hook-Form**, for UI I have used **Bootstrap-AdminLTE**. In this project I was responsible for the frontend part.

Curepulse - A Hospital Management System

I have build this web application to book appointments of doctors, handling patient's data of the hospital. Talking about the techstack of this project, over here I have used **Nextjs, Appwrite as backend, Shadcn.ui** as component library, **Tailwind CSS** for styling, for form handling I have used **React-Form-Hook** etc.

Link of the project - <https://curepulse-nextjs.vercel.app/>

E-commerce App Dashboard

I have created an **E-commerce app Dashboard** frontend using **Reactjs**. Where I have used **React-router-dom, React-lazy-loader, React-table, Chart.js, React-chart, SCSS, Typescript**.

Link of the project - <https://e-commerce-with-mern-dashboard.vercel.app/admin/dashboard>

SKILLS

Javascript, Typescript, Python, Java

React, Nextjs, Node.js, Express, Redux, HTML, CSS, Tailwind CSS, Bootstrap, Appwrite

COURSES

I have completed **fullstack web development** bootcamp of UDEMY by **Anjela Yu**

React, Nextjs - **FreeCodeCamp**
